ABSTRACT—ANNUAL GOLF PROGRAM FOR DEVELOPMENT

The first step required for the adoption of BSCs by a regional organization (the central entity), "lead states" or a group of autonomous states (autonomous), is identifying successful experiences in identifying relationships between partners working in areas of interest, and ultimately by promoting greater regional development projects implemented by the partners for the benefit of the region as a whole.

NEW AFRICA FUND

The New Africa Fund is committed to supporting our priority organizations and communities across Africa. We work through local partners by providing financial and technical support to organizations with a clear mission and established results. We do not finance property, we fund the organizations themselves. We give these growing organizations the short-term financing they need to achieve long-term viability. The fund funds non-governmental organizations, community-based organizations, and social enterprises. Our fund organizations have nearly every field.

GLOBAL INNOVATION FUND

The Global Innovation Fund, or GIF, is a novel independent multilateral vehicle that works with national support development agencies, philanthropy, and other partners to fund innovative evidence-based innovations with the potential to positively impact the lives of millions of the world's poorest people. The GIF is a non-profit that supports existing development interventions, taking initial risks public agencies cannot carry, through a variety of financial instruments. It allows our donors the help guide entrepreneurs through their journey to creating a sustainable single-stage funding agreement, where their operations share certain critical aspects of support and investment funding before a transfer of funding and ownership to grant grants.
