NEW AFRICA FUND

The New Africa Fund is a non-profit organization supporting grassroots organizations and entrepreneurs across Africa. The fund supports these efforts through seed grants by providing financial and technical support to organizations with innovative and sustainable models for social business projects, as well as the organizations themselves. Unlike other grant-making organizations, the fund does not have the goal to achieve long-term viability. The fund funds non-governmental organizations, community-based organizations, and social enterprises. The fund organizations have nearly every field.
